

Handheld RT

Objectives

Everyone who needs a Handheld RT has one that is:

- Charged
- In good working order, including hand piece
- Right type of RT for the job
- Easy to use & maintain.
- Make work easy.

Procedure

- Issue RT to regular users.
- Waterproof RT for all those who work in rain.
- 2 x Back Up upstairs if issue with anyone's RT or hand pieces
- Sign out sheet for Back Ups
- Any issue with any RT, message Katrina Neiman
- Users will return RT if their regular job changes such that they no longer need RT.

1. QC

- QC spare RT, in case someone else turns up to help QC during the day without an RT.
- Daily - Charge personal RT & QC Spare. Cupboard in storage container.
- QC Vest. Secure place for RT & paint cans

2. Stoppers

- Daily - Charge personal RT upstairs.
- Ensure that connections to earmuff working
